1. INTRODUCTION:

A CHANCE FOR CHILDREN (ACFC) is a non-governmental organization based in Zigoti, 53 kilometers from Kampala. We are operating in 5 districts i.e Mityana, Kasanda, Mubende, Mpigi and Gomba districts for the past 15 years.

NAKAZIBA CAMPUS

BONGOLE SS SCHOOL

2. LEADERSHIP AND ACFC MANAGEMENT:

The organization has an executive and a general assembly which meets at the beginning of the year to plan how best the organization's activities can be enhanced. ACFC is managed by staff at headquarters, headed by the coordinator who meets with the chairman to set weekly programs.

To ensure effective service delivery in different sectors, various meetings are held each month as follows:

- 1) Department heads meet in the middle of the month.
- 2) Schools' administrators meet at the end of the month.
- 3) Field staff and social workers meet in the last week of the month.

AUSTRIAN AND UGANDA MANAGEMENT

MEETING WITH AUSTRAN BOARD

3. ORGANIZATION EMPLOYEES:

The Organization ensures that it pays the salaries of its employees with NSSF 12 months a year. As a sign of motivation, a bonus is also given to all employees after a period of 3 years.

All employees are registered for NSSF and pay as you earn is also paid. Staff are provided with accommodation when needed and food during working hours.

Employees	Total
1. Teachers/heads and bursars	242
2. Administration at headquarters	07
3. Workshops (Carpentry, Welding, Tailoring, Mechanics, Mill, Hairdressing, Shoemaking)	31
4. Farm workers and porters	11
5. Matrons	65
6. Cooks	22
7. Health workers	33
8. Social workers	15
9. Field officers	03
10. Askari	08
11. Laundress	07
Total	444

SECRETARIES AND ACCOUNTANT OF THE HEADQUARTER ZIGOTI

4. DEVELOPMENT PARTNERS

Our funding organization is KINDERN EINE CHANCE (KEC) based in Austria, represented by Stefan Pleger and Gabi Ziller plus other board members who not only send money but also come and visit Uganda up to four times a year to monitor value for donor funding. Accounts are sent regularly, at least every other week, to the board in Austria to ensure transparency and to update them on developments. We receive volunteers from Europe regularly to support

ACFC staff in developing their skills.

DEVELOPEMENT PARTNERS WITH THE COORDINATOR

5. ACFC AIM AND MAIN OBJECTIVES:

Our major aim is to support orphans and other vulnerable children and give them access to quality services for a bright future. Objectives include:

- 1) To turn children into future job makers rather than job seekers.
- 2) To encourage effective formal education in schools.
- 3) To encourage skills development programs for children/young adults.
- 4) To empower caretakers with knowledge and skills so they can provide children's basic needs without our support.
- 6) To create a conducive learning environment for children by building schools in remote areas.
- 7) To care for all vulnerable children, including those who are HIV positive and special needs as well as children from very poor families.

6. CHILDREN'S SPONSORSHIP & SUPPORT.

Number of sponsored children on 31.12.2023:

	Male	Female	Total
Tertiary institutes	5	29	34
Secondary level	127	147	321
In-service training	2	15	17
Primary	756	701	1456
E.C.D.C	183	187	370
Workshops	38	52	81
TOTAL	1131	1158	2198

All these children are provided with school fees, scholastic materials, school uniforms and porridge and/or lunch at school. Those in boarding houses are given additional assistance. ACFC tries to involve caretakers as much as possible and urges them to take over responsibility where possible.

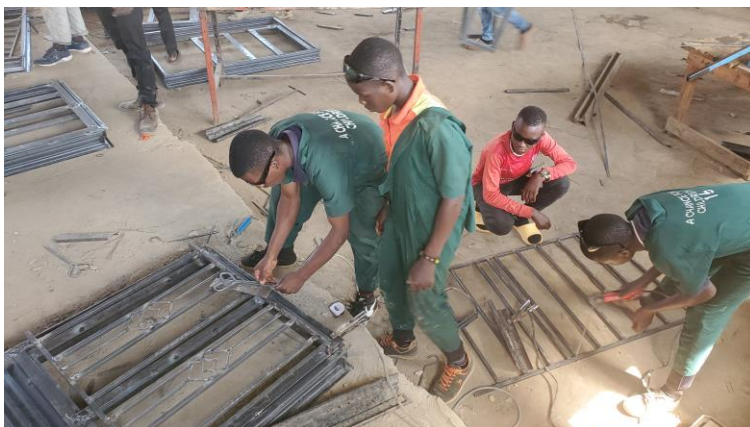

6.2 VOCATION SKILLS DEVELOPMENT PROGRAM OF ACFC (Trainees)

	Males	Females	Total	Completed DIT in 2023 including secondary
1) Carpentry	02	-	02	12 more were coming from our secondaries
2) Tailoring	2	40	42	26
3) Hair Dressing		37	37	28
4) Plumbing	17	4	21	13
5) Welding	28		28	9
6) Shoe Making	06		06	2
7) Solar and Electricity	06		06	6
8) Mechanics	17		17	03
Catering		03	03	-
	78	84	162	87

We educate young people to become job makers rather than job seekers by offering such skills to school leavers who have failed S.4 or P.7, or even those who dropped out earlier. We bring them to our workshops and give them a chance to choose according to their interests and receive training for two years. In the second year they have the opportunity to sit for DIT (Directorate of Industrial Training) exams at our college located at Nakaziba. Additionally we offer DIT exams to students of our secondary schools when they are in Senior 3.

ACHIEVEMENTS

Greetings from ACFC College of practical Skills Nakaziba and we are very thankful for the continuous Support rendered to us as an institute, we have been able to register a lot of achievements and we can concussively say we are such a growing institute that grows day by day.

Increased Enrolments. Our Enrolments have Gone high were a population of 180 students were part of us last year in vocation and 66 students were part of us while doing Farm work.

New Course

Last year we introduced a new course (solar and Electricity) very well equipped with all materials and tools and this was to respond to the need of the people who wanted to have their Children Trained in that Course. With this high demand for energy, we are sure a lot of students will benefit and in the next years this will be one of the most popular courses.

Staffing, Machines and equipment

We are Happy to have had enough staff Last year, with each department having at least a teacher, and some had more than one teacher, Like Plumbing and Tailoring. This was key in the good performance of students to all the departments

We also want to thank the donating Community for the tools and bigger machines that we have in our workshops, this has made learning a bit easier and more possible with such machines. Our learners have been introduced too modern machines like the circular saw in Carpentry, electric Tailoring Machine, Incubators on the side of the Farm and a lot more. Even when they go to the communities, they will be possible to use them.

Inclusion of People with Disabilities.

As our policy has always been to Accommodate people regardless of their Life conditions and physical appearance, we registered an increase in the number of people with Disabilities and as of now the number of people with disabilities Ranges up to 18. These are fully involved in Learning Different Skills. They range From the Physically Hand caped to Deaf and many other Disabilities

Other Additional Skills.

Farm work.

66 students joined us in the beginning of the year willing to do Farm work for a year and get supported either in Secondary or Vocation and these have joined their Course of interest and 21 from them have joined Secondary.

As an Institute, we have gone another step to provide other life skills to our students besides the main Course, these include book Making, Bar soap and Liquid soap Making, we shall continue to try more and more, so that we bring out the image of being open to the world and Explore more for our students

Farm

Last year we were able to order for a new mother stock and the production of eggs and chicks for both Local selling and Rearing by us will go on so that students gain this knowledge too and also make an income as an institute.

DIT Achievement Last year we are Lucky to have Graduated 113 Students from both our institution and also from the secondary schools of A chance for children.

Tailoring	Hair Dressing	Shoe Making	Welding	Building	Carpentry	Plumbing Borehole	Solar	Mechanics	Computer Skills
26	28	02	9	9	12	13	6	3	05

All our students passed with good grades the Least Performer had B and with no Failure. We are happy to have got such an achievement.

A lot our learners have been absorbed in the employment world, positive feedback has been

registered for the passed groups we have graduated, but I will also put it that some of our learners have been employed by the organization where we see a gap which gives joy to us as an institute.

6.3 In-service sponsorship program for nursery, primary and secondary education:

Males	Females	Total
1	16	17

This program helps future nursery, primary or secondary teachers to train on the job while studying during holidays. These people help in ACFC schools during their in-service time and acquire a lot of practice. ACFC pays school fees and/or tops up requirements where necessary.

6.4 HIV CHILDREN POSITIVE LIVING PROGRAM

MITYANA		MUBENDE		TOTAL
Females	Males	Females	Males	
58	57	45	37	197
MOTHERS				
53		53		106

This program operates in Mityana and Mubende districts and caters for HIV positive living children and some positive living mothers as indicated above. Every month we provide transport to the hospital for their medicine and check up by doctors. We provide nutritious food (sugar, maize flour, beans, rice and different types of soya) and bathing soap. Our social workers carry out regular visits to their homes to check on hygiene, bedding, hospital attendance and health status. In case of severe sickness, if they are admitted to hospital, we cover treatment costs. Three times a year during school holidays, we offer special counselling meetings with nurses and counselors.

7. SOCIAL WORK.

Our social workers register children who seek support, carry out family visits to their families and select cases to receive support. Their findings are presented to Ugandan and Austrian management teams and together decisions about who should be supported are taken.

DONORS VISITING CHILDREN AT THEIR HOME

JUNIOR CAMP

GIVING BEDDINGS

VISITING FAMILY

SOME OF THE ACTIVITIES/SERVICES CONDUCTED IN OUR SOCIAL WORK PROGRAM INCLUDE:

- ✓ Educating caretakers about sanitation and hygiene, food security. This is regularly done whenever we do follow ups in each individual families and for this time round we did it also with children who study from organization schools like ACFC Kakindu, Lubajja, Bongole primary and Bongole secondary.
- ✓ Offering counseling and guidance to all children in the organization's schools
- ✓ Provision of transport and nutrition support to 201 positive living children and 102 mothers in Mityana and Mubende districts. We also provide continuous counseling and guidance to them whenever we deliver nutritious food to these families. Every year we organize three parties where we meet with all positive children and their caretakers and we get enough time to share different issues to each other and on the same time we also involve counselors who always add a voice on different cases.
- ✓ At the beginning of every term, we give out deworming tablets to 5,989 children studying from our organization schools.
- ✓ Providing beddings (mosquito nets **138**, blankets **90**, mattresses **124**) to the neediest cases.
- ✓ Food support was extended to families which could not afford to buy food. Here we gave out **2310kg of beans seeds, 1267kgs of maize seeds..**
- ✓ Pregnancy tests, counselling and guidance were conducted in communities to reduce early marriages and unwanted pregnancies.
- ✓ Sensitization of caretakers about sanitation and hygiene, food security, economic boosters
- ✓ Regular follow up on our supported families.
- ✓ Offering counseling and guidance to all supported children and caretakers of how important it is for the children to come back early in schools.
- ✓ Empowerment of the girl child by continuing to teach them different life skills.
- ✓ Social workers should clearly inform the caretakers of what they are supposed to get from the organization in terms of support and also show them their responsibility as soon as the family is given support. This will help us to avoid the high expectations.

CHALLENGES FACED IN 2023.

- ✓ Overwhelming number of children requesting for support due to high level standards of living.
- ✓ Poor performance of learners which has made some children to repeat classes and some have refused to repeat hence dropping out of school.
- ✓ Big number of fathers neglecting their responsibilities whereby at the moment you find out that most of the children stay with their mother and grandmothers who cannot manage all responsibilities.
- ✓ Rising costs of school fees due to the high costs of living.
- ✓ High expectation from caretakers of our supported children who think that if the child is given support all responsibilities have to go in the hands of the organization hence abandoning all of their responsibilities.
- ✓ Poor turn up of supported children at the beginning of the term as they always give different reasons.
- 8. Poor hygiene and sanitation mostly in the newly recruited families.
- ✓ Poor sleeping conditions of some families where by children sleep in compacted rooms, sleeping on sacks, covering themselves with old blankets or old Gomes's.

8. ORGANISATION SCHOOLS

✓ ACFC runs several schools of its own. The first were Bongole PS in Mityana district, Nateete PS in Mubende district and Butimba PS in Kasanda district, all of which opened in 2010. Others followed, those recently opened are Nakaziba nursery in Mityana district, Kamusenene nursery and Primary school in Mubende district and Nkozi school for all in Mpigi district.

✓ Our primary candidates (151) sat their PLE exams, 53 passed in 1st, 95 in 2nd and 3 in 3rd grades.

8.1 Primary and Nursery Schools

No	Name of schools	Total in schools	Boys fully supported	Girls fully supported
1	Bongole PS and nursery	339	40	47
3	Kakindu PS	404	34	30
4	Kakindu nursery	239	33	62
5	Lukingiridde nursery	78	3	1
6	Butimba PS and nursery	359	17	10
7	Nateete PS and nursery	628	65	73
8	Lubajja PS and nursery	377	33	38
9	Kalangalo PS and nursery	602	33	31
10.	Nakaziba Nursery	65		
11.	Kamusenene PS and nursery	355	51	53
12.	Busunju nursery	124	3	4
13	Nkozi nursery and primary	212	36	21
14	Gomba Nursery	122		1
	TOTAL	3904	348	371

In the list above nursery and primary schools are only separated where they already have separate administrations. Most of our schools are registered with the Ministry of Education and Sports.

8.2 Secondary Schools

No	Name of schools	Total	Boys supported	Girls supported
1	Bongole S.S.S	263	45	50
2	Nateete S.S.S	263	52	63
3	Kalangaalo SS	150	30	32
	Total	676	127	145

- ✓ Both Schools have registered Centers for UCE (O level) exams. Both schools offer vocational subjects and the best students can do the DIT exams at the end of Senior S3.
- ✓ Start of a Primary school for all at Nkozi.
- ✓ Start of a nursery school for all at Gomba.
- ✓ Our secondary candidates (88) sat UCE exams 23 passed in 1st, 31 in 2nd, 18 in 3rd & 11 in 4th grades

STUDENTS IN BRASSBAND IN
BONGOLE SECONDARY

8.3 Nursery teachers College

No	Name of schools	Total	Boys supported	Girls supported
1	Nakaziba College	68	6	62

NB. 26 were in the college on full time and 42 were on In-service training

The Nursery teachers college is located in Nakaziba with an adjoining model nursery school where students are trained in teaching. Exams are taken from Kyambogo University.

8.4 Special Needs Department A Chance For Children

A Chance For Children special needs is a department of A Chance For Children that offers a variety of activities but also concentrates more in the school services. We have two stations who accommodate only those children who are physically handicapped and four stations who are inclusive and can accommodate both the physically handicapped and those who are not in order to promote incursion.

This is a sensitive department with 476 direct beneficiaries who are residing at 6 stations as shown below, and 3626 all together in the database. All these children have benefited through different programs in the department which include physiotherapy, occupation therapy, speech therapy, camps (both therapy camp and holiday camp), provision of assistive devices(from our workshop and sometimes we buy them for example wheelchairs),Support in surgery(through Corsu hospital, emergency children's hospital in Entebbe and Mulago National referral hospital).We have also given direct financial support in form of transport, nutrition and so many others.

Vision: To achieve self-sustainability for both, mentally and physically handicapped children in Uganda.

Mission: Emphasize physical development and the development of everyday life skills in therapy and education for children with disabilities to be independent.

Objectives:

- To observe that everybody is special regardless of their disability and see to it that children reach their full potential.
- To conscript well qualified and experienced therapists' teachers and service providers.
- To produce model citizens and make sure they are well accepted in the community.

9 SPECIAL NEEDS STATIONS:

Schools	Females	Males	Total
CB 1 Zigoti	16	34	50
CB 2 Zigoti	31	40	71
School for All Mubende	62	73	135
School for All Busunju	33	47	80
School for All Nkozi	26	34	70
Gomba school for all	27	43	70
Total	195	271	476

**SPECIAL NEEDS CHILDREN IN CLASS
AND THERAPY**

SOME OF THE ACTIVITIES/SERVICES CONDUCTED IN OUR SPECIAL NEEDS PROGRAM INCLUDE:

In all stations, 67 children have been promoted to primary inclusive schools.

Some of the children graduated to primary

We had three Holiday and therapy camps sessions in each 6 stations which included 1101 children and we are glad to report that all these camps were successful because this gave children in the community a chance to receive therapy. More so intensive therapy in our organization inclusive schools was emphasized.

Therapy camp in zigoti

Our cooperation with other institutions like shau ,corsu, katalemwa, cure hospital worked on well because children were referred for other services that we cannot offer at our stations for example so far we have 183 children sent to corsu for further management.

Children with spinabifida at shau receiving services

We have supported 37 children in our different vocations in the organization from both the stations and outreach program to acquire vocation skills for example in shoe making, tailoring, carpentry, books making and these children are in the process of being resettled. We hope that with these skills, a handicapped child can have a brighter future.

We have given all children that need assistive devices like sprints, walkers, cp chairs and wheel chairs through our orthopedic workshop plus many other aids that help in the mobility depending on the nature of disability.

We have worked on 97 children on the plastering Plastering program where 97 children have gotten treatment and a followup is done by the social workers and the orthopedic technician

We are closely working with Cure hospital and 71 children with spinal bifida and hydrocephalus have been operated up to now so far.

Before operation	After operation
------------------	-----------------

- | | |
|---|---|
| ✓ | All stations in the special needs have been well equipped with all the staff to provide a motherly love and better treatment services. We are glad to have nurses ,therapist;matrons,teachers and other support staff including social workers enough to take care of children both at the station and at home. |
| ✓ | We have supported children in the medical department to obtain treatment and surgery both in our schools and in the field. |
| ✓ | Our nutrition programme moved on very well with 86 children. We have noticed many great success stories evidenced in the photos below |
-
- | | |
|---|--|
| ✓ | Piggery project has been closely monitored to improve on the economic standard of living because our target is to reach all children in our database. We had 29 families in Zigoti Mityana District and 24 families in Mubende district having a total of 53 families. |
|---|--|

CHALLENGES FACED IN 2023

- ✓ We are challenged by an overwhelming number of children who approach us in all station all over Uganda seeking for medical support yet we cannot cover all of them. The number of these requests keeps on increasing every day
- ✓ We got one child who has been abandoned to us by unknown people and to us is a very big challenge. Similarly, some children once brought to our stations, the parents tend not to care any more even if they are sick.
- ✓ Financial constrain of the parents resulting to neglect of the children.
- ✓ Sickness of children both at stations and in the community
- ✓ Rampant sickness in our children both at station and in the field was noticed though most of them were supported to get treatment. We were unlucky because we lost 24 children and 2 were from our Centre cb1 and 2
- ✓ Epileptic medication was scarce hence setback to this category of children

10 PORRIDGE AND MONITORING PROGRAM IN GOVERNMENT AIDED SCHOOLS

Under the porridge program **103,134kgs** of maize flour in Mityana and **43,312 kg** in Mubende, totaling **146446 kg of maize flour were distributed**. This program aims to reduce the absenteeism rate of learners and save children from hunger while at school. Our field officers monitor teachers' presence and preparation and write reports which are sent to district officials at the end of each term. The district reacts to these reports by warning non-performers (or even cutting salaries) and boosting best-performers.

A - BENEFITING SCHOOLS IN PORRIDGE PROGRAM:

Mityana district 43 schools
Mubende district 14 schools

B - BENEFITING SCHOOLS IN MONITORY PROGRAM:

Mityana district 56 schools
Mubende district 20 schools

DESKS GIVEN BY ACFC

GIVING OUT BOT EXAMS

MEETING HEADTEACHERS OF GOVERNMENT SCHOOLS

SOME OF THE ACTIVITIES/SERVICES CONDUCTED IN OUR PORRIDGE PROGRAM INCLUDE:

- ✓ Provision of Beginning of Term Exams to the 156 Government aided schools of Mityana District and 20 for Mubende.
- ✓ Monitoring of the 56 Government aided schools on the monitoring program.
- ✓ Provision of maize flour for mid-day porridge to 43 schools in Mityana and 14 in Mubende and these share both monitoring and porridge.
- ✓ The 56 schools in Mityana have been provided with preparation books and pens for every term with Mubende having 20 schools.

- ✓ -Number of learners increased in schools where the program was conducted because of assurance for mid-day lunch.
- ✓ -Learners' number that usually began on first day of the term increased because of BOT that ACFC always provided for all Government aided school of Mityana District and the 20 of Mubende.
- ✓ -Cases of gross absenteeism among teachers of Government aided schools of Mityana and Mubende District slightly reduced because of frequent monitoring.
- ✓ -Teachers increased on their preparation before lessons are conducted.
- ✓ -Support supervision always provided to teachers strengthened them and kept them updated with every new change of the curriculum.
- ✓ Forty-two three-seater desks were donated to two schools. That's Ssekanyonyi C/U received 26 and Nakibanga Primary school got 16.

CHALLENGES FACED IN 2023

- ✓ Slow action response from the Education department of the districts to the various reports that were usually forwarded to it.
- ✓ In some few schools, there still existed some teachers that were not cooperative.
- ✓ The learning environment in many schools was poor in that some schools even lacked classroom furniture, structures and latrines this has been reported for several times but low action taken.
- ✓ The turn up of learners at the first day of Beginning of Term in many schools was still poor and this affected the BOT exams program with some School-Heads still not so cooperative.

11 WATER PROGRAM

The water program drills and rehabilitates boreholes in rural areas. Since the program started 74 boreholes have been drilled in different sub counties which help communities to get clean water and reduce absenteeism of learners due to carrying water long distances. All boreholes are drilled on community land and each community has to form a water committee which is responsible for care of the boreholes, reporting to our team when there are problems.

**WATER TEAM
REHABILITATING
BOREHOLE**

SOME OF THE ACTIVITIES/SERVICES CONDUCTED IN OUR WATER PROGRAM INCLUDE:

- ✓ A CHANCE FOR CHILDREN **drilled 5 boreholes** in 2023
- ✓ The water team of ACFC also managed to **rehabilitate 75 boreholes in 2023 making a total of 457 rehabilitated** boreholes in Mityana, Mubende and Kasanda districts.
- ✓ We also motorized 2 in the year 2023 of a total of 12 since we started.

CHALLENGES FACED IN 2023

- ✓ Poor response from community regarding water user fee.
- ✓ Delayed payment by the committee as per the government directive of paying for the boreholes.
- ✓ Some communities are not cooperative, members vandalize the boreholes, others break the padlocks, some pipes are stolen which disorganizes our work.

12 CONSTRUCTION

Sites	No of buildings	rooms
1) ACFC Nkozi, completion of primary section	4	19
2) ACFC Nakaziba	1	29
3) ACFC Bongole SS	2	11
4) ACFC Butimba	1	5
5) ACFC Lukingiridde	2	8
6) ACFC Kamusenene	3	23
7) ACFC Gomba	2	47
8) ACFC Nateete	3	21
9) Mummy Viola House	1	3
10) ACFC Nkozi	4	19
11) ACFC Kalangaalo	3	27

13 LAND ACQUISITION

- ✓ Purchasing land for plot 6.
- ✓ Processing land title for Kamusenene land
- ✓ Purchasing Plot in Kamusenene near water pump.
- ✓ Purchasing land in Kamusenene near ACFC workshop.
- ✓ Purchasing land in Butimba
- ✓ Purchasing land in Kasanda
- ✓ Land purchase in Nateete
- ✓ Purchasing another plot in Kasanda
- ✓ Purchasing a plot in Nateete Kamusenene Kifuufu
- ✓ Purchasing land in Nateete with coffee plantation.
- ✓ 14 acres of land in Kasabya.

FUTURE PLANS:

- ✓ Open a primary school for all at Gomba.
- ✓ Construction of a nursery school for all at Kasanda.
- ✓ Construction of a special needs home at Kasanda
- ✓ Construction of a staff house at Kasanda.
- ✓ Construction of a staff house at Busunju
- ✓ Construction of a secondary school at kasanda
- ✓ Ensure quality services (i.e. education) to beneficiaries
- ✓ Advertise nursery college and vocational college at Nakaziba
- ✓ Provide more support to children in need.
- ✓ Completion of a primary school Gomba
- ✓ Construction of dining and classrooms at Lubajja
- ✓ Construction of a dining and a main hall at Nateete
- ✓ Construct, rehabilitate and motorize boreholes in places of need.
- ✓ Open A level at Nateete.
- ✓ Completion and opening up of a University of practical skills Nakaziba.
- ✓ Consolidating all Organization programs.
- ✓ Getting a sitting center for Kakindu and Lubajja Primary Schools
- ✓ Registering of the schools without License and registration.
- ✓ Registering of all boarding sections

14. CONCLUSION:

We feel humbled and grateful to have KINDERN EINE CHANCE (KEC) as our funding Organization, we are so thankful to all our Austrian friends represented by Stefan and Gabi for the un ending support. Thanks to the government and local leaders of all districts where we are operating for the good cooperation, we wouldn't have made it this far without this support. Dear management, staff and all kinds of beneficiaries of A Chance for Children kindly accept our deepest gratitude for the combined effort you have put in which has enabled us surpass.

Nabulimu Betty
ACFC Coordinator

Lukango Ceasar
ACFC Chairman
